

NoiseTech Microwaves Ltd.

A fast, accurate, and accessible way to measure noise parameters

Cryogenic Switch Matrix (P/N C-SW00160)

- Wideband (0.01 GHz to 6 GHz) switch matrix
- Designed to operate at cryogenic temperatures
- Two independent SPDT USB-controlled switches
- Includes an optional cryogenic temperature sensor
- On-board memory retains software and manuals
- Software drivers compatible with MATLAB/Octave and other programming languages
- Ideal for noise-parameter measurements
- Optimized for commercial applications, such as WiFi, WiMax, LTE, Bluetooth, GPS, 3G, 4G, and 5G
